## Royal Orchid Sheraton Hotel, Thailand

Located on the legendary "River of Kings," Royal Orchid Sheraton hotel offers an irresistible combination of warm Thai hospitality and professional service in a modern setting.

The hotel offers 740 spacious guestrooms and suites, each equipped to ensure utmost comfort and convenience. The attention to detail and technological advancements are impressive to say the least. They trusted DRI to enhance the indoor environment to give all round comfort to their guests including a fresh feeling inside the air-conditioned space. DRI supplied three units of Heat Recovery Wheels modeled HRW-1100, HRW-1300 and HRW-1500. These units help to maintain Indoor Air Quality (IAQ) requirements and recover energy from exhaust air, resulting in considerable reduction in installed tonnage and utility bills. They also assist in enhancing Indoor Air Quality (IAQ), maintaining desired temperature and humidity and increasing productivity.
