Juretera Perunding Valdun

CONTRACTOR

Arab-Malaysian Blue Star Sdn Bhd

The Westin Kuala Lumpur stands as the most prestigious address in the heart of the city, with a comfortable and welcoming in-vironment, refreshing rooms, versatile meeting space and innovative dining options.

With their vision to give the best to their guests, they took special care of their HVAC system and installed DRI “Fresh Air Ventilation Solutions” to keep Hotel Building comfortable while maximizing the efficiency of their HVAC.

DRI “Green” Products help buildings to earn substantial LEED credits for

- Energy & Atmosphere
- Indoor Environmental Quality
- Innovation & Design
